

Midnight Oil, The Real Thing

Come and see the real thing
Come and see the real thing
Come and see

Come and see the real thing
Come and see the real thing
Come and see

Is there a meaning here
Is there a meaning here
Does it really mean a thing?

Come and see the real thing
Come and see the real thing
Come and see
I am the real thing

Ooh mow mow mow mow...

Tryin hard to understand it
Tryin hard to make things real
Tryin hard to understand it
But the real things just so sweet
But there's a meaning here
If there's a meaning here
Does it really mean a thing?
Come and see the real thing
Come and see the real thing
Come and see...
I am the real thing

Ooh mow mow mow mow

I am not seeing
I am not feeling
I...

Tryin hard to make things happen
Well it's the way it's always been
Tryin hard to make things happen
When the real thing can be so thin

Is there a meaning here
Is there a meaning here
Does it really mean a thing

Come and see the real thing
Come and see the real thing
Come and see...
I am the real thing
Ooh mow mow mow mow...

I am not seeing
I am not feeling
I...

Ooh mow mow mow mow
