Poppa was a rolling stone,  
But now I got rolling stones in the bezel

Momma at home all alone,  
Hustling trying to keep this shit together  
Young nigga smoking on gas,  
I'm living too fast, my foot on the pedal

If I got back to the past, my nigga as ain't know  
we'd be rockin' Coachella

If a niggaa ever try me or play me,  
I buy him an iced out shovel

Dig ya own grave nigga,  
you played yourself,  
I put some cash on your schedule  
you played yourself

if a bitch every try to filer me  
i just sit back and let gher  
sho got it!

Think she come up of the Cho  
It's whatever  
My pocket came with extra cheddar
