

# Miguel, waves (ft. Travis Scott)

Set it up, keep rolling, rolling, drop it  
Baby drop it like your stalling, stalling tonigh  
I wanna ride that wave  
Body built for the beach,  
Do you got that ocean?  
Body surf, don't sleep, baby surf on me

Don't stop, don't stop, I wanna ride that wave  
All night, all night, I'm gonna ride that wave  
Look here, I'm gon surf in it baby  
Get turnt in it baby, put work in it baby  
Keep working it while I ride that wave

Put it out, I'm on fire, fire  
That's what I'm about, take me higher, higher, tonight  
I'm gonna ride that wave  
You got a little body built for the beach  
Do you got that ocean?  
Body surf, don't sleep, baby surf on me, woman

Don't stop, don't stop, I wanna ride that wave  
All night, all night, I'm gonna ride that wave  
Look here, I'm gon surf in it baby  
Get turnt in it baby, put work in it baby  
Keep working it while I ride that wave

[Travis Scott:]

I'ma make the waves, just bring your surfboard  
I've been offshore, I've been offshore  
Somewhere shaded with my hair braided  
Hate to tell you I couldn't make it  
But be your man, I can be that later  
Right now I might pull up on you on my surfboard like I'm [?]  
Lavish shit that I might forget  
I got e-mails, texts, I ain't read those yet  
Replying to all those needs you said  
Like moving on, I might feel that way  
But lately I've been hoping for change  
If you catch that wave won't you surf to me yeah?  
Damn right girl, you are a bad bitch  
And she finish my way, I gotta cash in  
I take a late night swim, been a minute  
Pussy so wet, always drown when I'm in it  
Doing 105 on the 101,  
She told me don't stop but I'm already done

Don't stop, don't stop, I wanna ride that wave  
All night, all night, I'm gonna ride that wave  
Look here, I'm gon surf in it baby  
Get turnt in it baby, put work in it baby  
Keep working it while I ride that wave
