

# Mika, The Origin of Love

Love is a drug and you are my cigarette  
Love is addiction and you are my Nicorette  
Love is a drug, my chocolate, my cigarette  
I feel sick got to medicate myself

I want your love don't try to stop me  
Can't get enough, still hanging on me  
Your guilty heart don't let it break you  
And if you pray well no one's gonna save you

I gave you all that you feel and everything you hold dear  
If you feel broken and...  
You are the sun and the light you are the freedom I fight  
God will do nothing to stop  
The origin is you  
You're the origin of love

Love is a drug and you are my cigarette  
Love is addiction and you are my Nicorette  
Love is a drug, like chocolate, like cigarette  
I'm feeling sick got to medicate myself

Well if god is a priest and the devil is hell  
There's a reason for love  
Like every word that you preach  
Like every that you teach  
And every rule that you breach  
You know the origin is you

From the air I breathe to the love I need  
Only thing I know is you're the origin of love  
From the god above to the one I love  
Only thing that's true the origin is you  
/2x

Used to be Adam and Eve they found their love in a tree  
God didn't think they deserved it  
He taught them hate taught them pride  
Gave them a leaf made them hide  
Switched their stories aside  
You know the origin is you

From the air I breathe to the love I need  
Only thing I know is you're the origin of love  
From the god above to the one I love  
Only thing that's true the origin is you

Some love is pain, some love is a candy cane  
Tastes so sweet but leave you feel sick ? pain  
Your love is air I breathe it in and out dear  
You're always there...

Love, you're the origin of love  
You're the origin of love  
You're the origin of love love love love

Thank god that you found me  
Thank god that you found me  
Thank god that you found me

From the air I breathe to the love I need  
Only thing I know is that you're the origin of love  
From the god above to the one I love

Only thing that's true the origin is you
