

# Mika Urbaniak, Break Away

I'll go to an island  
Some place far away  
Where drums sound the streets  
Sun shines every day  
Water deep blue clear  
Dolphins in their dance  
In this peaceful heaven  
I can take a chance  
Stop!  
I'm in control  
It's time for me to glisten  
Stop!  
Wasting your breath on me  
I ain't gonna listen  
I want to get away now  
Just forget the other day  
When you said that I can't make it  
Break away  
I had time to think about it  
Now I just want to shout out  
I can make it, ready to say  
Break away  
What about the mountains  
Somewhere by the lake  
I can drop my thoughts in  
Sip on my milkshake  
Words you spoke are echos  
In this kind bliss  
I can't believe I took what you said  
As serious  
Stop!  
I'm in control  
It's time for me to glisten  
Stop!  
Wasting your breath on me  
I ain't gonna listen  
I want to get away now  
Just forget the other day  
When you said that I can't make it  
Break away  
I had time to think about it  
Now I just want to shout out  
I can make it, ready to say  
Break away  
I want to get away now  
Just forget the other day  
When you said that I can't make it  
Break away  
I had time to think about it  
Now I just want to shout out  
I can make it, ready to say  
Break away
