

# Mika Urbaniak, Follow you

Hight in the sky  
With no wings  
For me to fly  
I will follow you  
/2x

Deep in the see  
With no air  
For me to breath  
I will follow you

How could I know  
That this thing we call love  
Will be so impossible?  
And there from the star  
Will I lost my heart  
Will be in love

?Couse the first time then I sow you  
I have this single feeling  
And now I need to follow you

I will follow you  
I will follow you
