

Mike Posner, Nothing Is Wrong

I can worry
I can overthinks thing
that's exactly when I tend to want to drink things
tend to wanna smoke things
till I realized there's no thing outside of me
that kinda helped me grow wings
listen up, I think this is dope
to love is very different than to won
let that sink in

I grew my hair but never lost my J Dilla vibe
airplane mode
don't kill the vibe
I had to remind people I was still alive
I had to remind people of what's real inside
I am the I took a Pill in guy
but ebven more beautiful whit no pill inside
feel the vibe?

it's alright
it's alright
