

# Mike WiLL Made It, Buy The World (Ft. Future, Lil Wayne, Kendrick Lamar)

[Future:]

Hey hey hey, na na na  
Tell me, what you think we hustle for?  
I just wanna buy the world  
Do the impossible  
Sing it with me now, na na na  
What you think we out here working? for?  
I just wanna buy the world  
Do the impossible  
Hey hey hey

[Lil Wayne:]

Bought a Benz for my baddest bitch  
And let my niggas drive that motherfucker  
I swear that court won't commendimize a motherfucker  
Pray for us cause we be in and out that mothafucker  
Lord, help us Lord, my bitch is beautiful, Helen of Troy  
Just like assume I get ass from a star  
I flip the script when they cast for the part  
You ain't talking to me if you ain't talking money  
My nigga, strength in numbers  
And I'm number one like my muscles got bigger  
Like my puzzles got figured  
I spoil my kids, they so stubborn, my nigga  
This is how shit is supposed to be, dawg  
Rollie on my wrist and around my neck  
I got a chain of command and a food chain on  
Shoutout my dog lookin' at the four walls  
Shoutout Candace for acceptin' my calls  
Impossible ain't impossible at all  
Tunechi

[Kendrick Lamar:]

Nigga do that shit, nigga done that shit  
Nigga any problem bet I overcome that shit  
Twenty gold bottles I'mma drink on that shit  
Twenty songs that I'm on number one that shit  
My name gon' ring and my team gon' win  
I shot a nigga once and I'd do that shit again  
Put your hands on a Bible stealing candy at a store  
To a black homicidal it's the same damn sin  
Drop down, give me three points ho  
K. Dot, give it to it how you want ho  
I'mma show you what this West side about  
I'mma pull up in a 'Rari at your grandmama's house, hey now  
She got a nigga name in her mouth, hey now  
T-O to M-O to ammo, I mean  
My MO is zero, see commas, I promise  
Go tell your mama this dick ain't for free  
This dick ain't, this dick ain't  
This dick ain't, this dick ain't  
This dick ain't for free  
Touch that, I need cash back, transaction

I bust back in a all black Grand National  
Hoodrats in the project if you ask 'em  
They wanna buy the world, 10 racks on they taxes  
Holiday cheers, tell 'em get checks with a bottle to the neck  
Get it how you live it
