

# Miley Cyrus, Do To You

I felt the need  
To tell you  
Something special and true  
But you never listened  
I gave my heart to you  
And now I'm wondering  
What did I ever do to you?  
(Chorus:)  
You turned around  
You turned away  
You turned me down  
What can I say  
Do you want me to live alone  
Do you want me to live depressed  
Why would you break my heart  
Like that  
All I wanna know is  
What did I ever do to you  
How come you did  
That to me  
You broke my heart  
And it was kind of  
Embarrassing  
How it happened  
In front of my friends  
(Chorus)  
What did I do to you  
Did I ever break your heart  
No no no oh  
(Chorus)  
And  
What did I ever do to you
