Yeah I smoke pot (do it), yeah I love peace (do it)
But I don't give a fuck, I ain't no hippy (do it)

(I understand) feel like I am walking too close
(I understand) and all I need and what I hear
(I understand) feel like I am part of the universe
And it's part of me

(I understand) why there is a sun
And how do birds fly
And why is there a moon
Way up in the sky
Why there is trees (do it)
And what the fuck is love (do it)
What is flying saucers
Watching from above (Yo)

(Fuck Me)

Feel like I am walking too close
And all I need and what I hear
Feel like I am part of the universe
And it's part of me

Yo, sing about love, love is what you need
Loving what you sing, and loving smoking weed
(Weed, weed, weed, weed)
Sing about peace, being high and free
So if you don't give a fuck, sing along with me
Yeah I smoke pot, yeah I love peace
But I don't give a fuck, I ain't no hippy

(I understand) why there is a sky
And why are bitches bored
And why the motherfuckers
Putting bullets in they gun

(Get your ass up off that floor now)
