

# Miley Cyrus, Midnight Sky (Edge of Midnight) (ft. Stevie Nicks)

Yeah, it's been a long night and the mirror's telling me to go home  
But it's been a long time since I felt this good on my own (Uh)  
Lotta years went by with my hands tied up in your ropes (Your ropes)  
Forever and ever, no more (No more)

The midnight sky is the road I'm takin'  
Head high up in the clouds (Oh, oh)

I was born to run, I don't belong to anyone, oh no  
I don't need to be loved by you (By you)  
Fire in my lungs, can't bite the devil on my tongue, oh no  
I don't need to be loved by you  
See my lips on her mouth, everybody's talkin' now, baby  
Ooh, you know it's true (Yeah, yeah)  
That I was born to run, I don't belong to anyone, oh no  
I don't need to be loved by you (Loved by you)

She got her hair pulled back 'cause the sweat's drippin' off of her face (Her face)  
Said, "It ain't so bad if I wanna make a couple mistakes"  
You should know right now that I never stay put in one place  
Forever and ever, no more (No more)

The midnight sky is the road I'm takin'  
Head high up in the clouds (Oh, oh)

I was born to run, I don't belong to anyone, oh no  
I don't need to be loved by you (By you)  
Fire in my lungs, can't bite the devil on my tongue, oh no  
I don't need to be loved by you  
See my lips on her mouth, everybody's talkin' now, baby  
Ooh, you know it's true (Yeah)  
That I was born to run, I don't belong to anyone, oh no  
I don't need to be loved by you (By you)

Oh  
I don't hide blurry eyes like you  
Like you

I was born to run, I don't belong to anyone, oh no  
I don't need to be loved by you (By you)  
Fire in my lungs, can't bite the devil on my tongue, you know  
I don't need to be loved by you  
See his hands 'round my waist, thought you'd never be replaced, baby  
Ooh, you know it's true (Yeah)  
That I was born to run, I don't belong to anyone, oh no  
I don't need to be loved by you (Yeah)

La, la, la-la, la  
La, la  
You know it's true, you know it's true  
Loved by you
