

# Miley Cyrus, Rose Colored Lenses

Sunrise got us up early  
So we put on our shade  
Somehow the bed sheets are dirty  
Like sticky sweet lemonade

Never wanna leave this room  
Daydream, déjà vu  
If I had control over you

We could stay like this forever, lost in wonderland  
With our head above the clouds, falling stupid like we're kids  
Wearing rose-colored lenses, let's just play pretend  
Wearing rose-colored lenses, pretend we'll never end

Naked in conversation  
Drown me in your daylight  
Endless summer vacation  
Make it last 'til we die

My baby got looks that kill (Kill)  
Make a mess of a nice hotel (Hotel)  
If I had control over you

We could stay like this forever, lost in wonderland  
With our head above the clouds, falling stupid like we're kids  
Wearing rose-colored lenses, let's just play pretend  
Wearing rose-colored lenses, pretend we'll never end

Let's stay like this forever  
Let's stay like this forever  
Let's stay like this forever  
Let's stay like this forever
