

# Miley Cyrus & Taylor Swift, Fifteen

You take a deep breath and you walk through the doors  
Its the morning of your very first day  
you say hi to your friends you aint seen in a while  
Try and stay out of everybodys way  
its your freshman year and youre gonna be here  
for the next four years in this town  
hoping one of those senior boys will wink at you and say  
you know I havent seen you around, before  
Cause when youre fifteen and somebody tells you they love you  
youre gonna believe them  
and when youre fifteen  
feeling like there nothing to figure out  
well count to ten, take it in  
this is life before who youre gonna be  
fifteen  
You sit in class next to a redhead named Abigail  
and soon enough youre best friends  
laughing at the other girls who think theyre so cool  
well be out of here as soon as we can  
and then youre on your very first date and hes got a car  
and youre feeling like flying  
and youre momas waiting up and you think hes the one  
and youre dancing round your room when the night end  
when the night ends  
Cause when youre fifteen and somebody tell you they love you  
youre gonna believe them  
when youre fifteen and your first kiss  
makes your head spin round but  
in your life youll do greater than dating the boy on the football team  
but I didnt know it at fifteen  
When all you wanted was to be wanted  
wish you could go back and tell yourself what you know now  
Back then I swore I was gonna marry him someday  
but I realized some bigger dreams of mine  
and Abigail gave everything she had to a boy  
who changed his mind and we both cried  
Cause when youre fifteen and somebody tells you they love you  
youre gonna believe them  
and when youre fifteen, dont forget to look before you fall  
Ive found that time can heal most anything  
and you just might find who youre supposed to be  
I didnt know who I was supposed to be at fifteen  
La la la la .. la la la la . La la la la  
Youre very first day  
take a deep breath girl  
take a deep breath as you walk through those doors.
