

# Mimoza, Young Queen

I was born in a place on the Earth  
In a town with a name never heard  
Pride that's bigger than mountains  
Men cry wwater like fountain

From the girl with their head held high  
Keep i tup so your crown don't slide  
Lessons we learn from our mothers  
Nothing but the best cause we come first

Tell me have you ever had a love so loyal  
ever had a love so loyal  
Tell me have you ever had a love so loyal  
Like i got

I will be your first  
I will be your Earth  
Make you fall down to your knees  
And thank my mother for daughter  
I wil have you deep  
By your gravity  
Make you fall down to your knees  
And thank my father for daughter
