## Minnie Riperton, When It Comes Down To It

(M. Riperton R. Rudolph)

Cause when it comes down to it He'll be there to take us home When it comes down to it

When it comes down to it and it's time I get it on Ain't no way to do it You can find yourself alone All you high fálutin' ain't worth nothin' when you're old When it comes down to it Love will get you more than gold When it comes down to it When it comes down to it When it comes down to it There'll be dancin' in the night Cause now the fools who blew it will be hidin' from the light So mama tell your children not to feel so all alone Cause when it comes down to it He'll be there to take us home We can get back to the garden If we keep our karma high, yeah We were meant to love each other Like the birds wer meant to fly When it comes down to it There'll be dancin' in the night Cause now the fools who blew it will be hidin' from the light So mama tell your children not to feel so all alone
