

# mino, Run away (□□□)

I am out of breath  
And my view is narrowing down  
I am swallow all your memories up  
Cause i can see nothing

I keep thinking about our conversation  
Soaked in alcohol  
Mixed with memories  
Dinking it up and i stiumble

Run away  
Run /8x  
Run away  
Run /8x  
Run away  
Run /8x  
Run away  
Run /3x  
Far away form me

Go away so you get out of my sight  
Let me forget everything  
From your name to your face  
So that when i am looking for you  
While i am drunk  
I can recognize you  
Even when you are right up close  
I will give you while i am looking  
Or else we'll definitely get hurt  
Don;t leabe a choice just cut it  
Memory is about to become paranoid

(...?....)

Run away  
Run /8x  
Run away  
Run /8x  
Run away  
Run /8x  
Run away  
Run /3x  
Far away form me
