## Miranda Cosgrove, BAM

Never thought I'd fall in love Now I stand corrected Never thought I'd feel what I feel Never been so affected

Now I Know what I know but right now it seems so subjective Oh oh

You surprised me, hypnotized me, found my weakness, then you creeped in, BAM! To my heart then BAM!

Oh you started to make my whole world just explode

BAM!

My life has changed

BAM!

Can't concentrate

BAM!

I was okay until we met that day then

BAM!

I am obsessed

BAM!

Can't get no rest

BAMI

Ever since we met I think I know what love is

BAM!

I felt so secure with these walls around me

Boys would take me out but bring me back where they found me

And there's no harm, no foul

Cause they never got a chance to know me

Yeah

You surprised me, hypnotized me, found my weakness, then you creeped in, BAM!

To

my heart then BAM!

Oh you started to make my whole world just explode

BAM!

My life has changed

BAM!

Can't concentrate

BAM!

I was okay until we met that day then

BAM!

I am obsessed

BAM!

Can't get no rest

BAM!

Ever since we met I think I know what love is

BAM!

And if I had to walk

A million miles

To find your smile

I would

You know I would babe

And if you took a trip to Costa Rica

And told me I meet ya

I would

I would I would babe

BAM!

My life has changed

BÁM!

Can't concentrate

BAM!

I was okay until we met that day then

BAM!

I am obsessed

BAM!

Can't get no rest

BAM!

Ever since we met I think I know what love is

BAM!

You surprised me, hypnotized me, found my weakness, then you creeped in, BAM! To my heart then BAM!

Oh you started to make my whole world just explode

BAM!
