

# Miranda Sex Garden, Cover My Face

I know you're watching  
You know I see  
My face in your eyes  
I know you see

As i run blindly  
From the fear I know's not real  
Cover my face  
Do not watch my eyes

Let me hate for you  
And hate for me  
My face in your eyes  
All I can see

As I run blindly  
From the fear I know's not real  
Cover my face  
Do not watch my eyes

As I run freely  
I will leave your world behind  
Carry me further  
Do not see my lie
