

Missy Elliott, Pep Rally

Pep rally, my friends be at the pep rally
Screaming and shaking, man, we at the pep rally
Aw, aw, aw, go and head and dip at it
The go-go playing my jam, now let me shake my jelly
Jumping and thumping, man, I got the crowd yelling
Get it, and kick it, kick it, kick it, there's no telling
Aw, aw, aw, you'd better move Ellen
I got a nice round woo like a watermelon
Aw, yeah you play the point guard
Hitting three corners, man, they playing real hard
My team be with it, so keep your day job
I turn around and make it bounce like a basketball

Bounce, biggity bounce, biggity-biggity bounce, bounce
Where my clappers that stomp?
Now rock with it
Bounce, biggity bounce, biggity-biggity bounce, bounce
Where my clappers that stomp?
Now rock with it
Clappers that stomp, clappers that /8x

Uptown, downtown
Everywhere we get down
It's 'bout to go down
Are you ready?
Are you mad?
Get set, let's go
It goes left foot, it goes right foot
It goes left foot, it goes right foot
Catch the wall, touch them toes
Turn around like it's gold
Back it up, back it up, so you know you got control

Rocking not stopping, bend over your head touch your toes
Get it, now get it, now let your bottom scrape the floor
Bouncing and bouncing, now stop, drop, rock and roll
And yeah we get crackin' like we up at the Superbowl
Aw, quarterback on the field
Football player running yard, got skills
At the ball game, pep rally over here
The band in the stands, shit just got real
Turn out, /12x
Like a basketball lover, make them bounce

Bounce, biggity bounce, biggity-biggity bounce, bounce
Where my clappers that stomp?
Now rock with it
Bounce, biggity bounce, biggity-biggity bounce, bounce
Where my clappers that stomp?
Now rock with it
Clappers that stomp, clappers that /8x

Uptown, downtown
Everywhere we get down
It's 'bout to go down
Are you ready?
Are you mad?
Get set, let's go
It goes left foot, it goes right foot
It goes left foot, it goes right foot
Catch the wall, touch them toes
Turn around like it's gold
Back it up, back it up, so you know you got control

Well let me hit you with that
Turn around, rotate
Feel that, let it vibrate
Two-step, let your body sway
This a battle of the bands, this a drum break
Majorettes on the school yard
Where my drum majors? Pull out your bullhorn
Fools be getting drunk, acting like morons
The football team be winning get your score on
Oh, oh yeah this a pep rally
Lurking and working yeah this be a pep rally
Kicking, kick it, kick it, you better move Ellen
I'm 'bout to whip it, whip it like potato salad
Aw, yeah, now get your groove back
Aw, yeah, you better do that
Aw, yeah, this be a roll call
When this song come on, bounce your ass like a basketball
