

Missy Elliott, Sound Of The Underground

disco dancin with the lights down low
beats are pumping on the stereo
neighbours banging on the bathroom wall
he's sayin crank the bass
i gotta get some more
waters running in the wrong direction
got a feeling it's a mixed up sign
i can see it in my own reflection
something funnies goin on inside my mind
i don't know what is pushing me higher
it's the static from the floor below
and then it drops and catches like fire
its the sound of, its the sound of
it's the sound of the underground
beat of the drum goes round and round
into the overflow
where the girls get down to the sound of the radio
out to electric night
where the bass line jumps in the backstreet lights
beat goes around and round
it's the sound of the under
sound of the underground
Chain reaction running through my veins
Pumps the bass line up into my brain
Screws my mind until I lose control
And when the building rocks I know Its got my soul
waters running in the wrong direction
got a feeling it's a mixed up sign
i can see it in my own reflection
something funnies goin on inside my mind
i don't know what is pushing me higher
it's the static from the floor below
and then it drops and catches like fire
its the sound of, its the sound of
it's the sound of the underground
beat of the drum goes round and round
into the overflow
where the girls get down to the sound of the radio
out to electric night
where the bass line jumps in the backstreet lights
beat goes around and round
it's the sound of the under
sound of the underground
I don't know what it's pushin' me higher
It's the static from the floor below
And then it drops and catches like fire
Its a sound of, Its a sound of
Its a sound of, Its a sound of
It's the sound of the underground
The beat of the drum goes round and around
In to the overflow
Where the girls get down to the sound of the radio
Out to the electric night
Where the bass line jumps in the backstreet lights
The beat goes around and round
Its the sound of the under
Sound of the underground
The bass line jumps in the backstreet light
It's the sound of the under
Sound of the under
The bass line jumps in the backstreet light
It's the sound of the under
Sound of the underground
