

# Mitchel Musso ft. Katelyn Tarver, Us Against the World

Do you ever feel like me (like me)  
The walls are closing in between  
Just breathe (just breathe)  
I wait every single moment  
Of every day just to see your face  
Why cant they just let us be, yeah

CHORUS

Oh, oh, oh, oh, oh  
It's us against the world  
Oh, oh, oh, oh, oh

It's us against the world  
I'm never letting go

Come on let's run away  
Just take me by the hand  
We will make it

Oh, oh, oh, oh, oh, oh  
It's us against the world  
Ask me once and I'll leave  
Everything for you

Just say the word  
You'll see (You'll stay with me)

I wait every single moment  
Of every day just to see your face  
Why cant they let us be

Chorus

Yeah were racing  
Yeah were racing  
Far away from here

Yeah well make it  
Yeah well make it  
Well get there

Well get there

Yeah were racing, racing, racing, racing

Far away from here

Yeah well make it  
Yeah well make it

Well get there

Well get there
