

MNEK, Wrote A Song About You

Baby, baby, baby, I wrote a song about you last night
It had the strangest melody
I wrote a song about you last night
And it went a little something like
La la la, you broke my heart in two
I don't know what to do, you've got me so confused now
Baby, I wrote a song about you last night

Sitting in this empty room
Telling myself I'm over you
I'd rather be alone than lonely, wonder if you're thinking of me
Well, do ya?
Time has passed for someone new
Look at what you've put me through
I'd rather be alone than lonely, wonder if you're thinking of me
Well, do ya?

Baby, baby, baby, I wrote a song about you last night
It had the strangest melody
I wrote a song about you last night
And it went a little something like
La la la, you broke my heart in two
I don't know what to do, you've got me so confused now
Baby, I wrote a song about you last night,

I was lost in the melody
Found in the memories
Just say you love me, I'll believe it, you don't even have to mean it
It's all I want

Every time I look around, I sit and wonder
Where did you disappear?
My thoughts are no longer a capella but it doesn't seem to matter
Cause I feel you here, I feel you here

Baby, baby, baby, I wrote a song about you last night
It had the strangest melody
I wrote a song about you last night
And it went a little something like
La la la, you broke my heart in two
I don't know what to do, you've got me so confused now
Baby, I wrote a song about you last night
