I feel the water flow as I watch him go  
Boy life is cynical despite my article  
Oh no, buddy don't you cry as they go  
Life changes all of us, it's not your fault, no no no

Oh oh oh  
Where did they want to go?  
But the sky is blue forever  
But the sky is blue forever  
It disappears, is this what you want?  
Who's gonna go for the beauty is yours  
Took a one, took a one way may  
But the sky is blue forever

Til the end of time

Won't you buddy don't you cry as she goes  
'Cus life is cynical despite your article

But the sky is blue forever  
But the sky is blue forever  
It disappears, is this what you want?  
Who's gonna go for the beauty is yours
