

# Moderat, Bad Kingdom

Here it ends  
No one's gonna shed a tear  
No need to shout  
Just to stand the silence

Well spent time in the early morning's haze  
You sit and wait watching full glasses through blank eyes

This is not what you wanted  
Not what you had in mind

Vacuous winter stare worn out version of yourself  
Too tough to fall  
But not strong enough to turn  
But not strong enough to turn  
But not strong enough to turn

This is not what you wanted  
Not what you had in mind
