Modest Mouse, The View

Your gun went off Well you shot off your mouth and look where it got you My mouth runs on too

Shouts from both sides " Well we've got the land but they've got the view! " Well now here's the clue

Life it rents us And yeah I hope it put plenty on you Well I hope mine did too

As life gets longer, awful feels softer Well it feels pretty soft to me And if it takes shit to make bliss then I feel pretty blissfully

Your gun went off Well you shot off your mouth and look where it got you My mouth runs on too

Shouts from both sides "Well we've got the land but they've got the view!" Well now here's the clue

We are fixed right where we stand

Life it rents us And yeah I hope it put plenty on you Well I hope mine did too

We are fixed right where we are

As life gets longer, awful feels softer Well if feels pretty soft to me And if it takes shit to make bliss Well I feel pretty blissfully

For every invention made how much time did we save? We're not much farther than we were in the cave

As life gets longer, awful feels softer And it feels pretty soft to me And if it takes shit to make bliss Well I feel pretty blissfully

If life's not beautiful without the pain Well I'd just rather never ever even see beauty again Well as life gets longer, awful feels softer And it feels pretty soft to me

For every good deed done there is a crime committed We are fixed For every step ahead we could have just been seated We are fixed

As life gets longer, awful feels softer Well it feels pretty soft to me And if it takes shit to make bliss Well I feel pretty blissfully

We are fixed We are fixed We are fixed right where we stand
