Monica Naranjo, If You Leave Me Now

If you leave me now Holding on to the memories I'll survive somehow Baby when you're gone.

Holding you close to me Always made me feel so right Love is fantasy Sometimes it can change your life .

Tell me what are you feeling? Tell me you still care But i can't help believing You will not be there.

If you leave me now Holding on to the memories I'll survive somehow Baby when you're gone.

If you leave me now Holding on to the mystery I can fight somehow I will carry on .

You held me in extasy
Then you let me slip away
The things that you said to me
Made me think you'd always stay.

But you can't fight the feeling Every night and day When it's over, it's over There's nothing i can stay.

If you leave me now Holding on to the memories I'll survivie somehow Baby when you're gone.

If you leave me now Holding on to the mystery I can fight somehow I will carry on .

Carry on Carry on Carry on Carry on

Want to tell me What are you feeling Tell me you still care But i can't help believing You will not be there.
