

# Monika Ferens, Run Away

See Ive got a problem with the town I live in  
Nothing never happens here  
And it got me suffering  
Cause I want to develop, to get the top  
But this town is just like dead  
I cant achieve I cant get  
My friends moved away, I doubt theyll be back  
And they can do what they want to do  
And my parents told me I gotta stay right here  
They cant help me make my dreams come true  
So probably you never knew  
Propably I never told you  
So now its time to let you know

[Chorus]

Ive got plans God has never expect of me  
And ambitions cant wait til I am here  
If I have to spread my wings  
I need to leave the town and everything behind  
I wanna travel and see the whole world  
Im such a restless creature  
Back my bags and get away  
The air around me screams: she has to run away  
I have to run away til Im young  
Cant stay here I cant die young  
I have to run away til Im young  
Cant stay here I cant die young  
See we all know its not the World War II  
When the times make us unable to move  
Ill only get better if I smell the new  
Let me leave all this now with yesterday  
I wont take my past with me anyway  
Ill start a brand new life without you  
Cause probably youve never seen  
Probably youve never been  
Trying to feel like under my skin

[Chorus]

Im sick of these streets, Im sick of this bed  
Im sick of those chicks, Im sick of my dad  
Im sick of these place, Im tired of your face  
Im tired of everything, Im tired of everything  
And it got me suffering

[Chorus]
