

# MONIKA & MARCO, RUN TO THE SUN

Sometimes I stop on a red line  
And then I look on a sky  
The way I'm driving to freedom  
It's like a run to the Sun

I wanna dive to the Ocean  
I need you to take my time  
Call out the stars and think on me  
That's destination is far

I take my time too emotion  
I'm driving too far  
Look into the sky and dirty ocean  
It's like a run to the Sun

Wait till the morning  
Let me see the light  
Baby, I just want us to run together  
I want be alone tonight

Sometimes I feel my heart is beating  
I need to feel free, don't wanna die  
I'm packing my bags and then I'm leaving  
Cos I love the way you are

I wanna dive into the Ocean  
I need you to take my time  
I'm looking to stars and I'm thinking  
Cos my destination is far

I take my time too emotion  
I'm driving too far  
Look into the sky and dirty ocean  
It's like a run to the Sun
