

# Monika Urlik, Vintage Song

Like a stroke one day you've come  
Turning my life all around  
I've never thought I could feel so strong flame  
I feel I needed to give it a try

Theas days are gone so fast to see  
I'm leaving now, but you my home,  
Where I'm wanna be

I save my love for you, baby,  
No matter what you do  
I save my love for you, baby,  
No matter what you do

Like a flame one day you came  
Turning my life around  
I've never thought I could  
I've never thought I could  
I've never thought I could feel this way  
But my love for you'll never end

Theas days are gone so fast to see  
I'm leaving now, but you my home,  
Where I'm wanna be

I save my love for you, baby,  
No matter what you do  
I save my love for you, baby,  
No matter what you do

Just stay with me  
You my round  
My gravity  
You name  
My star  
All I need  
Your love will stay with me

Like a flame one day you came  
Turning my life around  
I've never thought I could  
I've never thought I could  
I've never thought I could feel this way  
But my love for you'll never end

I save my love for you, baby,  
No matter what you do  
I save my love for you, baby,  
No matter what you do

I save my love for you!
