

Monster Magnet, Black Mastermind

Oil of love, swimming in a zodiac
lion's den, pig juice, crown on the dingo king
I got a line to the stars, i got wire to my self
I'm gonna use all you pigs for something else

yeah

Suffi's in the penthouse nailed to a wall of flesh
yeah, superjudge rolls up on every pussy-fool in town
I got meat in my hands, I got an eighth in my head
I'm gonna bleed on this town until its red

Oil of love, swimming in a zodiac
lion's den, pig juice, crown on a dingo king
I got a line to the stars, i got a wire to myself
I'm gonna use all you pigs for something else

"Yo man what you need? Nickle bag, fuck that I don't work that small
yo how about an eighth?...?????"
