

# Montaigne, Don't Break Me (Australia, Eurowizja

I don't feel the same buzz  
when your name comes up  
on my phone anymore

feels like I don't feel you  
I fear you  
and it makes me cry on my floor

it feels like you're talking me for granted  
I've given you everything i have  
and I can barely bring to mind  
the reason why I've stretched myself so far for  
you

I can't take it anymore  
Don't Break Me  
Don't Break Me  
down dwon dwon  
Don't Break Me  
are you hearing me  
now, now, now, now
