

# Moray Eel, Boo

Little crazy girl in a yellow dress  
Sitting on the ground in a bloody mess  
With a butcher's knife in her baby's hand  
Waiting for this long and loony song to end

She says "Boo!"  
I say "Boo!"

Pretty naked gull with a crooked axe  
Deaf and angry princess, daughter of a Rex  
Standing in the darkness with her lonely prince  
Waiting for the living to kill and mince

Dirty smelly witch boiling shining eyes  
Adding poison, worms and some squirming mice  
Joyful guests drink beer, laughing at the joke  
Waiting for their death to come and stroke

See your death in women's eyes  
They are cold, they're cold like ice.
