

MORRIS JONES, THE LAST GOODBYE

Time can't stand still, I wish it could but it never will
The World turns, too fast, The future is now, tomorrow is past

It doesn't have to hurt to say goodbye,
I'm gonna leave you now but don't you cry,
I won't be gone for long, you know it's true
One day I'll come right back for you, for you

This is the last goodbye, Woo oh oh oh oooh oh
This is the last goodbye, Woo oh oh oh oooh oh
This is the last goodbye, Woo oh oh oh oooh oh

Long way to go, Just don't give up, but don't go too slow
Somehow, someday, we will be one - together we'll stay

This is the last goodbye, Woo oh oh oh oooh oh
This is the last goodbye, Woo oh oh oh oooh oh
This is the last goodbye, Woo oh oh oh oooh oh
