Morrissey, Don't Make Fun Of Daddy

Long ago when he was young and restless Suddenly Daddy saw the beckoning finger of fate

Don't make fun of Daddy's voice Because he can't help it When he was a teenage boy Something got stuck in his throat

When you are young you crave affection And it can come from the strangest direction

Don't make fun of Daddy's voice Because he can't help it When he was teenage boy Something got stuck in his throat

Don't make fun of Daddy's voice Because he can't help it When he was teenage boy Something got stuck in his throat

(No te diviertes con Papi?)
