

Morrissey, Please Help The Cause Against Loneliness

Please help the cause against loneliness
Would you like to note my home address ?
Please help the cause against loneliness
Would you kindly note my inside leg ?

Oh, I don't mind what time you come round
If it's the daytime then I might be in bed - oh
I'm so very young
I am so really, really young ... oh, oh

Please help the cause against loneliness
Would you like a list of my dislikes ?
There are people with problems
I know this ... I've know this for years

There are paupers and peers
Who have problems, oh

I don't mind what time you come round
If it's the weekend then I have to be dead, oh
I'm so very young
I'm so really, really young ... oh, oh
I'm so young - really, really (yeah yeah yeah)
I am so young
I am so young
I am so really, really young
I am so young
So young
