

# Morrissey, You Have Killed Me

Pasolini is me  
'Accattone' you'll be  
I entered nothing and nothing entered me  
'Til you came with the key  
And you did your best but

As I live and breathe  
You have killed me  
You have killed me  
Yes I walk around somehow  
But you have killed me  
You have killed me

Piazza Cavour, what's my life for?

Visconti is me  
Magnani you'll never be  
I entered nothing and nothing entered me  
'Til you came with the key  
And you did your best but

As I live and breathe  
You have killed me  
You have killed me  
Yes, I walk around somehow  
But you have killed me  
You have killed me

Who am I that I come to be here?..

As I live and breathe  
You have killed me  
You have killed me  
Yes I walk around somehow  
But you have killed me  
You have killed me

And there is no point saying this again  
There is no point saying this again  
But I forgive you, I forgive you  
Always I do forgive you
