

# Motor Ace, Carry On

Looking for a single thread  
Of melody to help me get by  
Where we're passing the time  
Is it real?  
Does it give too much away?  
It's pouring out my heart  
Till you come back  
A reason to stay  
Do you know  
Is this way home?  
Is this way  
We just stare while the wheels fall off  
But everyone seems to carry on, carry on  
No time to tell you  
How much we lost  
Cause everyone needs to carry on, carry on  
Looking for some words to say  
There's no familiar faces round here  
But the feelings the same  
Is it real?  
Does it give too much away?  
It's pouring out my heart  
Till you come back  
A reason to stay  
Do you know  
Is this way home?  
Is this way?  
We just stare while the wheels fall off  
But everyone seems to carry on, carry on  
No time to tell you  
How much we lost  
Cause everyone needs to carry on, carry on  
Carry on  
Carry on  
(Carry on, carry on)  
Carry on  
(Carry on, carry on)  
Everyone needs to carry on, carry on  
The places you know  
The friends that you owe  
Somewhere to go  
Does it pay to be alone?  
Will i fall?  
Is this way home?  
Is this way home?  
Is this way home?  
We just stare while the wheels fall off  
But everyone seems to carry on, carry on  
No time to tell you  
How much we lost  
Cause everyone needs to carry on, carry on  
Carry on  
Carry on  
Carry on, carry on  
Carry on  
Carry on  
Everyone needs to carry on, carry on  
Carry on  
It's the way I feel  
Seem's like it's taking me over
