

# MoZella, Amazed

your picture is on my wall  
it helps me remember you and i recall how im amazed i still love you the same  
yeah im amazed i still love you the same

i still remember the shape of your hands  
times when you&#039;ll walk with me  
and make me laugh and im amazed  
at how much we changed, yeah im amazed i still love you the same  
and each night i see him in my sleep and i always dreamed that your here with me

and im amazed i still love you the same  
yeah im amazed i still love you the same  
yeah im amazed i still love you the same
