

Ms. Dynamite, Danger

(Chorus)

It's dat bad black British bigger beats bitch
From Brixton to Beanu the streets get switched
She said hard lips ching, we don't want shit no
Singing a flow and it started a tempo

(Verse One)

Sharper dan a razor, when you walkin my way
Gonna fuck you up caught you up in the style
When I'm wise and my style, slit your wrist
Suicide, with my fists and my tounge comes like a knife
Meana-mee-za, meana-mee-za, and it's my trick
To six foot deeper dan da concrete
Comin' misty but like Shaggy "It Wasn't Me"
It was my lyrical ability on Trinity
My flem caught on billy so my lyrics are a flame
So my tounge comes in danger signs of deadly
So dey sayin it's anotha explosion, but it won't really fussy, cuz I
really 'em

(Repeat Chorus 2x)

Everywhere I spin, everywhere I go

Everywhere I spin, everywhere I go
Jealously wanna my pussy and they want try and steal my dough
