

# Mudhoney, Six Two One

There's a lot of things that'll do you no good  
As you waste away here on the couch  
This side of you is doin' no one no good  
No good

Confusion reigns  
Confusion is king  
Confusion is the state you'll find me in

Confusion reigns  
Confusion is king  
Confusion is the state you'll find me in

Now I'm not sayin' that I'm alright  
And I'm not sayin' I can show you the light  
Cuz I see darkness day and night  
It's been six long years with the devil at my side, my side

Confusion reigns  
Confusion is king  
Confusion is the state you'll find me in

Confusion reigns  
Confusion is king  
Confusion is the state you'll find me in
