## Mura Masa, Love For That (ft. Shura)

Tell me, do you think I'm being sentimental 'Cause all this time I've been trying work on what it was Brought me close to you, wish I could feel it now They don't fall in love for that They don't know the love for that It's all for you

It's all for you

It's all for you

Maybe I'm not the one to help you make decisions 'Cause I need some time for you to know that this is best for us If I don't think it's right, You'll think I'm wrong They don't fall in love for that They don't fall in love for that It's all for you

It's all for you

It's all for you
