

# Murder City Devils, In This Town

I've known you  
Known you for a long time  
I've seen your face  
And I've seen your child  
And you're such  
Such a good example  
???  
???

Every face  
In this town  
Reminds me of something I'd rather forget  
Every face  
In this town  
Reminds me of falling down  
Every face  
In this town  
Reminds me of something I'd rather forget  
Every face  
In this town  
Reminds me of falling  
Down  
Of falling down

And you  
You're a lot like me  
Crawling down in winter on the holidays

Every face  
In this town  
Reminds me of something I'd rather forget  
Every face  
In this town  
Reminds me of falling down  
Every face  
In this town  
Reminds me of something I'd rather forget  
Every face  
In this town  
Reminds me of falling  
Down  
Of falling down

You built a ship  
You built it in a bottle  
And then we watched it roll away  
Watched it roll away  
Watched it roll away  
Watched it roll away

Crawling down in winter on the holidays

Every face  
In this town  
Reminds me of something I'd rather forget  
Every face  
In this town  
Reminds me of falling down  
Every face  
In this town  
Reminds me of something I'd rather forget  
Every face  
In this town  
Reminds me of falling

Down
