

# Muse, Kill Or Be Killed

Kill or be killed

Crumbling, I'm exhausted with fear  
Our love and compassion dissolve  
Demons have materialised in me  
Can't fight it, they're taking control

Try, oh I'll try so hard to be good  
But the war rewards us with your blood

Fate  
Is driving me insane  
Is forcing me to face  
I must kill or be killed

(Kill or be killed)

Driven a stake right through my heart  
I'm growing so cold and detached

Try, oh I'll try so hard to spread love  
But she prefers it when I assert control

Fate  
Has brought us here to face  
Your hopes and dreams erased  
Either kill or be killed

Either kill or be killed

Fate  
Is driving me insane  
Is forcing me to face  
I must kill or be killed

Kill or be killed
