

# Muse, Micro Cuts

Hands are red with your blame  
Megaphone screaming my name  
Whimpers someone I should've loved  
Souls weeping above

I've seen what you're doing to me  
Destroying puppet strings  
To our souls

Micro waves me insane  
A Blaine cuts in your brain  
To sounds like a fork on a plate  
Blackboard scratched with hate

I've seen what you're doing to me  
Destroying puppet strings  
To our souls
