My Bloody Valentine, I Believe

Taste my (head) and twist my heart Oh can't you see that I believe Crawl around and kiss the ground Oh come back come back

Come back with me And I'll show you that I really believe Come over me Where I bleed I bleed

Hold my hand up I will be good Oh you know what I need Hold me down, don't you realise Take me take me take me Oh can't you see I believe I believe Oh bury me bury bury bury me

Come with me and I'll come with you Oh, I'll do whatever you will do Play with me and I'll play with you Ooh, ooh, ooh
