

My Bloody Valentine, I Need No Trust

Greed seed
It comes through me
Fall fall I'm coming down
(Go inside) and close your eyes
It's just a fool's crown

Sleep deep now
I'll come in anyhow
Love love I need your love
Lust lust I need no trust
Greed seed
It comes through me
Love love I need your love
Lust lust I need no trust
It's just a fool's crown
