

My Bloody Valentine, Sunny Sundae Smile

Close your eyes and let's pretend
We're little children once again
Sticky fingers, dirty minds
When I touch you, girl I come alive

Let's fall in love
Its exciting
I'm gonna make your mouth
A sunny sundae smile
Tie a ribbon in your hair
Try not to notice how I stare
There's desperation in my voice
Have I hurt you, I have no choice

Let's fall in love
Its exciting
I'm gonna make your mouth
A sunny sundae smile

It looks lovely
Illustrates me
Seems to wrap your eyes
A sunny sundae smile
