

# My Brightest Diamond, Something Of An End (David Keith)

When you came jumpin' down the stairs  
Screamin' bloody awful  
You woke up God & everyone  
Screamin' bloody awful

So we took you to the doctor  
He said yeah it's a bad one  
& there's such a shame about it  
'Cause she's so pretty

& then the earth sarterd shakin'  
& yeah it was crazy  
& heaven & hell came crashing down  
& then the earth sarterd shakin'  
& yeah it was crazy  
& heaven & hell came crashing down

It was beautiful & terrible  
So beautiful & terrible

The phone call  
You never expect  
Did somebody get it yet  
It's a sound you never forget

Because the earth starts shakin'  
& yeah it's crazy  
Heaven & hell come crashing down  
& then the earth starts shakin'  
& yeah it's so crazy  
Heaven & hell come crashing  
They come crashing

It's so beautiful & terrible  
So beautiful & terrible

It was something of an end  
Of a lovely & a wild thing  
So beautiful in the morning  
You're beautiful  
So beautiful  
You're beautiful in the morning

& I can't seem to get it through your head  
No matter what I do  
I can't seem to get it through your head  
That I always love you
