

# My Chemical Romance, Desert Song (Demo)

We hold in our hearts the sword and the faith  
Swelled up from the rain, clouds move like a wraith  
Well after all, we'll lie another day  
And through it all, we'll find some other way  
To carry on through cartilage and fluid  
And did you come to stare or wash away the blood?

Well tonight, well tonight  
Will it ever come?  
Spend the rest of your days rocking out  
Just for the dead  
Well tonight  
Will it ever come?  
I can see you awake anytime, in my head

Did we all fall down?  
Did we all fall down?  
Did we all fall down?  
Did we all fall down?  
From the lights to the pavement  
From the van to the floor  
From backstage to the doctor  
From the Earth to the morgue, morgue, morgue, morgue

Well tonight  
Will it ever come?  
Spend the rest of your days rocking out  
Just for the dead  
Well tonight  
Will it ever come?  
I can see you awake anytime in my head

All fall down  
Well after all...
