

My Chemical Romance, Honey, This Mirror Isn't Big Enough For The Two Of Us

The amount of pills I'm taking, counteracts the booze I'm drinking
and this vanity I'm breaking, lets me live my life like this
and well I find it hard to stay, with the words you say
Oh baby let me in
Oh baby let me in
Well I'll choose the life I've taken, never mind the friends I'm making
and the beauty that I'm faking lets me live my life like this
And well I find it hard to stay, with the words you say
Oh baby let me in
Oh baby let me in

And you can cry all you want to, I don't care how much
You'll invest yourself in me, we're not working out (we're not working out)
We're not working out (we're not working out)
And you can't touch my brother and you can't keep my friends
and we're not working out, we're not working out
This time I mean it, never mind the times I've seen it

Well I hope I'm not mistaken by the news I heard from waking
and it's hard to say I'm shaken, by the choices that I make
and well I find it hard to stay, with the words you say
Oh baby let me in
Oh baby let me in
Well I'll choose this life I've taken, never mind the friends I'm making
And I get a little shaken, because I live my life like this
And well I find it hard to stay, with the words you say
Oh baby let me in
Oh baby let me in

And you can cry all you want to, I don't care how much
You'll invest yourself in me, we're not working out,
We're not working out
And you can't keep my brother, and you won't fuck my friends
and we're not working out, we're not working out
This time I mean it, never mind the times I've seen it

Never again, never, never again

(and you can cry all you want to, I don't care how much you'll invest yourself in me)
ne.. never... never... never again
(and you can cry all you want to, I don't care how much you'll invest yourself)
ne.. never... never... oh baby let me.. oh baby... oh baby
Oh baby let me in
Oh baby let me in
I'm knocking let me in
Oh baby let me in
Oh baby let me in
I'm knocking let me in
Oh baby let me in
Oh baby let me in
